WORK EXPERIENCE

PTT Digital Solution (Outsourced Onsite) – Front-End Developer   May 2024 - Present

- Developed and maintained a POS BackOffice Web Application for a large-scale retail business.
- Built the front-end using Next.js and TypeScript, ensuring scalability and performance.
- Worked closely with back-end developers and business teams (without a dedicated UX/UI team) to design and implement UI components based on business requirements.
- Integrated various APIs to support POS operations, data analytics, and real-time updates.

ICreativeSystems Co.,Ltd – Full-Stack Developer   Set - Dec 2023

- Transitioned to full-stack development for the Influencer Hiring Web App.
- Focused primarily on CRUD operations using Golang and PostgreSQL for back-end development.
- Developed and integrated RESTful APIs to handle data storage and retrieval.
- Maintained and improved the front-end with React.js and TypeScript, ensuring a smooth user experience.
- Worked with UX/UI designers, back-end developers, and testers to ensure a cohesive development process.

ICreativeSystems Co.,Ltd – Front-End Developer   Jun 2022 - Aug 2023

- **Project 1: POS System (Electron.js)**
  - Took over and maintained an existing POS system built with Electron.js, ensuring stability and performance improvements.
  - Implemented UI enhancements and bug fixes, optimizing system usability and responsiveness.
  - Integrated RESTful APIs to synchronize data and enhance real-time processing.
  - Developed fully responsive UI for different screen sizes and resolutions.
  - Collaborated closely with UX/UI designers, back-end developers, and testers to improve overall user experience.
- **Project 2: Influencer Hiring Web App**
  - Developed a web application for influencer hiring, focusing on seamless user experience and high-performance UI.
  - Used **React.js, TypeScript, and Material-UI (MUI)** to build a scalable and responsive front-end.
  - Integrated RESTful APIs to fetch and display influencer data dynamically.
  - Ensured the application was fully responsive across different devices and screen resolutions.
  - Worked with **UX/UI designers, back-end developers, and testers** to refine the application's design and functionality.

EDUCATION

Bachelor's Degree in IT (Information Technology), Fatoni University.   2018 - 2022
